This is not a contract. This benefits summary presents plan highlights only. Please refer to the policy/ plan documents, as limitations and exclusions apply. The policy/ plan documents control in the event of a conflict with this benefits summary.

(1) Your group's benefit period is based on a Calendar Year which runs from January 1 to December 31.

(2) The Network Total Maximum Out-of-Pocket (TMOOP) is mandated by the federal government. TMOOP must include deductible, coinsurance, copays, prescription drug cost share and any qualified medical expense.

(3) Services are limited to those listed on the Highmark Preventive Schedule with enhancements (Women's Health Preventive Schedule may apply).

(4) Benefits for Emergency Care Services rendered by an Out-of-Network Provider will be paid at the Network services level. Benefits for Hospital Services or Medical Care Services rendered by an Out-of-Network Provider to a member requiring an inpatient admission or observation immediately following receipt of Emergency Care Services will be paid at the Network services level. The member will not be responsible for any amounts billed by the Out-of-Network Provider that are in excess of the plan allowance for such services.

(5) Air Ambulance services rendered by out-of-network providers will be covered at the highest network tier level of benefits.

(6) Diagnostic assessment to diagnose Autism Spectrum Disorders may be performed by a licensed physician, licensed physician assistant, licensed psychologist or certified registered nurse practitioner. Diagnostic assessments performed by a licensed physician, licensed physician assistant or certified registered nurse practitioner will be covered as specified in the Office Visit benefit category. Diagnostic assessments performed by a licensed psychologist will be covered as specified in the Mental Health Care Services-Outpatient benefit category. Applied Behavioral Analysis for the treatment of Autism Spectrum Disorders will be covered as specified above. All other Covered Services for the treatment of Autism Spectrum Disorders will be covered according to the benefit category (e.g. speech therapy, diagnostic services). Services for the treatment of Autism Spectrum Disorders do not reduce visit/day limits.

(7) If you receive services from an out-of-area provider or an out-of-network provider, you must contact Highmark Utilization Management prior to a planned inpatient admission, prior to receiving certain outpatient services or within 48 hours of an emergency or unplanned inpatient admission to obtain any required precertification. If precertification is not obtained and it is later determined that all or part of the services received were not medically necessary or appropriate, you will be responsible for the payment of any costs not covered by your health plan.

(8) The Highmark formulary is an extensive list of Food and Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. The formulary was developed by Highmark Pharmacy Services and approved by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. All plan formularies include products in every major therapeutic category. Plan formularies vary by the number of different drugs they cover and in the cost-sharing requirements. Your program includes coverage for both formulary and non-formulary drugs at the copayment or coinsurance amounts listed above. Your plan requires that you use Accredo specialty pharmacy to obtain select specialty medications.
